Agenda item 5
Illegal Israeli actions in Occupied East Jerusalem and the rest of the Occupied Palestinian Territory

Security Council
Fifty-seventh year

Identical letters dated 10 April 2002 from the Permanent Observer of Palestine to the United Nations addressed to the Secretary-General and the President of the Security Council

The crisis in the Occupied Palestinian Territory, including Jerusalem, continues to escalate perilously. The vicious and bloody Israeli onslaught against the Palestinian people and Palestinian leadership has indeed widened in scope and intensity since my last letter to you on 5 April 2002. The death toll of Palestinians continues to mount and the path of destruction being wrought continues to expand as a result of this ongoing military campaign by Israel, the occupying Power.

Of profound concern is the critical situation in the occupied cities of Jenin and Nablus and the adjacent refugee camps that have come under brutal attacks by Israeli occupying forces in recent days. The refugee camp in Jenin has endured the deadliest Israeli assaults, with reports of more than 100 Palestinians killed, including innocent children, women and men. Many of those killed by the Israeli occupying forces bled to death as they lay in the streets while Israeli soldiers continued to prevent emergency medical assistance from reaching them. Moreover, the bodies of so many of the Palestinians killed remain in the streets, as the occupying forces continue to deny Palestinians the ability to retrieve the dead for burial. In addition to the tragic human carnage, Israeli tanks, bulldozers and missiles have completely ravaged the refugee camp, causing severe destruction to homes, properties, roads and the entire infrastructure of the refugee camp.

In nearby Nablus and in Al-Ain refugee camp, Israeli occupying forces also continue to wage attacks by tanks and helicopter gunships against the Palestinian people, killing at least 14 Palestinians. Israeli occupying forces have also continued to round up Palestinian males in the two Palestinian cities and the refugee camps. The number of Palestinian males being arbitrarily detained by the occupying forces has now surpassed 2,000.

02-32504 (E) 100402

In Bethlehem, the Israeli siege of the Church of the Nativity also continues and the city, like the other cities reoccupied by the Israeli occupying forces, remains a closed military zone. Moreover, the Israeli occupying forces continue their siege of the headquarters of President Yasser Arafat in the besieged city of Ramallah.

The humanitarian situation on the ground in the Occupied Palestinian Territory has become both tragic and appalling owing to the depraved policies and practices of the occupying Power, which are in total violation of even the most basic human rights. The curfews imposed on Palestinian towns and cities continue to intensify the suffering of the Palestinian people, preventing them from attending to essential needs, such as procuring food and water, and electricity is still cut off in many of the besieged towns, cities and refugee camps.

United Nations agencies, including the United Nations Relief and Works Agency for Palestine Refugees in the Near East, and other humanitarian aid organizations, including the International Committee for the Red Cross, continue to be prevented from providing emergency food and medical assistance to Palestinian people. At the same time, Israeli occupying forces continue to prevent journalists from reporting on the situation, targeting them and harassing them, confiscating tapes and blocking access to Palestinian cities and refugee camps to enable the occupying forces to carry out their military campaign of war crimes and State terrorism out of the view of the international community.

All of this continues despite repeated calls by the international community, in particular the Security Council, for the immediate implementation of Security Council resolution 1402 (2002) and, most recently, resolution 1403 (2002), which calls for the withdrawal, without delay, of Israeli occupying forces from Palestinian cities, including Ramallah. We once again call upon the international community to take action to ensure the implementation of these Security Council resolutions and to bring an immediate halt to the Israeli onslaught against the Palestinian people in the Occupied Palestinian Territory.

In follow-up to my previous 115 letters to you regarding the crisis in the Occupied Palestinian Territory, including Jerusalem, dated from 29 September 2000 to 5 April 2002 (A/55/432-S/2000/921; A/55/437-S/2000/930; A/55/450-S/2000/957; A/55/466-S/2000/971; A/55/474-S/2000/984; A/55/490-S/2000/993; A/ES-10/39-S/2000/1015; A/ES-10/40-S/2000/1025; A/ES-10/42-S/2000/1068; A/ES-10/43-S/2000/1078; A/ES-10/44-S/2000/1093; A/ES-10/45-S/2000/1104; A/ES-10/46-S/2000/1107; A/ES-10/47-S/2000/1116; A/ES-10/48-S/2000/1129; A/ES-10/49-S/2000/1154; A/ES-10/50-S/2000/1173; A/ES-10/51-S/2000/1185; A/ES-10/52-S/2000/1206; A/ES-10/53-S/2000/1247; A/ES-10/54-S/2001/7; A/ES-10/55-S/2001/33; A/ES-10/56-S/2001/50; A/ES-10/57-S/2001/101; A/ES-10/58-S/2001/131; A/ES-10/59-S/2001/156; A/ES-10/60-S/2001/175; A/ES-10/61-S/2001/189; A/ES-10/64-S/2001/209; A/ES-10/65-S/2001/226; A/ES-10/66-S/2001/239; A/ES-10/67-S/2001/255; A/ES-10/68-S/2001/284; A/ES-10/69-S/2001/295; A/ES-10/70-S/2001/304; A/ES-10/71-S/2001/314; A/ES-10/72-S/2001/332; A/ES-10/75-S/2001/352; A/ES-10/76-S/2001/372; A/ES-10/79-S/2001/418; A/ES-10/80-S/2001/432; A/ES-10/81-S/2001/447; A/ES-10/82-S/2001/463; A/ES-10/83-S/2001/471; A/ES-10/84-S/2001/479; A/ES-10/85-S/2001/486; A/ES-10/86-S/2001/496; A/ES-10/87-S/2001/504; A/ES-10/88-S/2001/508; A/ES-10/89-S/2001/544; A/ES-10/90-S/2001/586; A/ES-10/91-S/2001/605; A/ES-10/92-S/2001/629; A/ES-10/93-S/2001/657; A/ES-10/94-

Once again, owing to the extremely difficult circumstances in the Occupied Palestinian Territory, we have been unable to compile a complete and accurate list of all of the Palestinian martyrs that have been killed by the Israeli occupying forces, particularly those that have been killed in the attack on the Jenin refugee camp. The annex to the present letter contains the names of the martyrs that have thus far been identified and the names of the other Palestinians that have been killed by the occupying forces will be conveyed once they are identified.

I would be grateful if you would arrange to have the text of the present letter and its annex distributed as a document of the tenth emergency special session of the General Assembly, under agenda item 5, and of the Security Council.

Illegal Israeli actions in Occupied East Jerusalem and the rest of the Occupied Palestinian Territory

Security Council
Fifty-seventh year

Identical letters dated 16 April 2002 from the Permanent Observer of Palestine to the United Nations addressed to the Secretary-General and the President of the Security Council

The intense military assault being waged by the Israeli occupying forces against the Palestinian people and the Palestinian Authority continues, now in its eighteenth day, in spite of Security Council resolutions 1402 (2002) and 1403 (2002). Indeed, Israel, the occupying Power, continues launching attacks, wreaking widespread death and destruction, in spite of innumerable appeals and demands from all corners of the international community for an immediate halt to the Israeli assaults and an immediate Israeli withdrawal from Palestinian cities, towns and refugee camps.

As the days pass, the shocking aftermath of the ongoing Israeli military assaults, including in particular the appalling humanitarian situation, is becoming increasingly known to the whole world. The Israeli occupying forces have committed grave breaches of the Fourth Geneva Convention relative to the Protection of Civilian Persons in Time of War with their "wilful killing" and "extensive destruction and appropriation of property, not justified by military necessity and carried out unlawfully and wantonly". The war crimes being committed by Israel are part of its design to destroy not only the Palestinian Authority but also the Palestinian infrastructure as a means of devastating both the present and the future life of the Palestinian people.

In the Jenin refugee camp, Israeli atrocities have gone even further, with credible reports about a massacre committed against the residents of the camp, with women and children among the dead. Israeli occupying forces are still preventing the International Committee of the Red Cross and other humanitarian organizations from entering the camp, compounding the untold suffering of the wounded and those who remain alive in the camp. The Jenin camp itself has been obliterated by the Israeli occupying forces. Many homes and other buildings have been completely destroyed. The occupying forces fired missiles from helicopter gunships and even used bulldozers to demolish homes, in several instances bulldozing homes while civilians were still inside. Some have been buried alive and their bodies continue to

02-33989 (E) 180402

be discovered, and several other civilians have been rescued from the rubble after surviving for days. Moreover, many of the Palestinians killed in the Jenin camp remain in the streets decaying as the occupying forces continue to prevent the retrieval of the dead. At the same time, there are widespread reports that the Israeli forces themselves have been removing and burying some bodies.

In the rest of the Occupied Palestinian Territory, the destruction caused by the assaults of the Israeli occupying forces has been vast. Rubble and debris from homes, buildings and infrastructure destroyed by the occupying forces abound, inter alia, in the cities of Ramallah, Bethlehem, Tulkarem, Qalqilya, Jenin and Nablus and the nearby towns and refugee camps. The old city of Nablus and Bethlehem and the city of Jenin have suffered the most excessive and wanton destruction. As the Israeli siege and reoccupation continues, the streets remain deserted, with Palestinian socio-economic life in virtual ruins and brought to a halt as a result of the Israeli military campaign. Moreover, the round-ups and abductions of scores of Palestinians continue, and the occupying Power continues to illegally detain more than 5,000 Palestinians.

Israeli tanks also continue to impose a siege on the Church of the Nativity in Bethlehem, in complete violation of the sanctity of this holy site, the birthplace of Jesus Christ. Further, Israel continues to threaten the deportation, another war crime, of those who sought refuge in the sanctuary of the Church more than a week ago. Clearly, as this military siege continues, the humanitarian situation inside the Church continues to rapidly deteriorate.

At the same time, the Israeli siege of the office of the President of the Palestinian Authority and the elected leader of the Palestinian people, Yasser Arafat, continues, including the positioning of troops and snipers inside the compound itself. Moreover, water and electricity to the compound have been cut off and communication lines have been jammed, creating a very serious and debilitating situation inside.

It is deeply regrettable that the outcry from humanitarian organizations in the area and beyond, including the United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA), has received no adequate response by the international community, including the Security Council. The United Nations Secretary-General himself has repeatedly warned of the rapid decline of the situation on the ground and has called for quick action, including the formation of an international force and its dispatch to the Occupied Palestinian Territory. We once again appeal to the international community to take urgent actions to bring an end to the human rights violations, war crimes and State terrorism being perpetrated by Israel, the occupying Power, against the Palestinian people. It is time for the Security Council to bear its responsibilities to prevent the further deterioration of this already tragic situation and to take the necessary measures to ensure the immediate implementation of its resolutions 1402 (2002) and 1403 (2002).

This raises the total number of Palestinian martyrs killed by the occupying forces to 1,382.

Once again, due to the extremely difficult circumstances in the Occupied Palestinian Territory, we have been unable to compile a complete and accurate list of all of the Palestinian martyrs killed by the Israeli occupying forces, particularly those that have been killed in the attack on the Jenin refugee camp. The annex to the present letter contains the names of the martyrs that have thus far been identified, and the names of the other Palestinians that have been killed will be conveyed once they are identified.

I would be grateful if you would arrange to have the text of the present letter and its annex distributed as a document of the tenth emergency special session of the General Assembly, under agenda item 5, and of the Security Council.

Identical letters dated 22 April 2002 from the Permanent Observer of Palestine to the United Nations addressed to the Secretary-General and the President of the Security Council

The Israeli Prime Minister, Mr. Ariel Sharon, declared yesterday that "this stage of the operation" was over. This deceiving declaration comes more than 23 days after the adoption of Security Council resolution 1402 (2002) and more than 17 days after the adoption of Security Council resolution 1403 (2002). The Israeli Government publicly flouted the two resolutions in direct challenge to the authority of the Council, and it continued its intense military assault against the Palestinian people and the Palestinian Authority as it deemed fit. Even now, it should be made clear that the occupying forces maintain a complete siege on the Palestinian cities from where they withdrew. More importantly, they maintain their siege on the headquarters of President Yasser Arafat in the city of Ramallah and on the Church of the Nativity in the city of Bethlehem. Simply put, the state of suffocation of the Palestinian people continues, in addition to the seriously explosive and dangerous situation in the cities of Ramallah and Bethlehem. The Security Council must take the measures necessary to ensure the immediate and complete implementation of its resolutions.

On the other hand, the Secretary-General of the United Nations has proceeded with his initiative regarding the fact-finding team to look into the recent events in the Jenin refugee camp, and indeed announced today the composition of the team. We welcome the step taken by the Secretary-General in implementing Security Council resolution 1405 (2002), and caution against expected Israel obstruction, in addition to what the Israeli occupying forces have already done in an attempt to conceal evidence of the massacre and the war crimes committed in the Jenin refugee camp and in other Palestinian areas.
